Industries

Drill down through industry subsectors to view percentage of revenue. Click an industry on the left to reveal other companies participating in the same arena on the right.

The left pane indicates the percentage of company revenue within each industry sector.

The right pane provides a description of the currently selected industry sector followed by a list of participating companies in descending revenue order.

Use the navigation bar to move seamlessly through the six categories or return to the target company main dashboard.

Download findings into a spreadsheet.

Regions

The interactive map provides a visual representation of the data in the left pane. The darker the shading the higher the percentage of revenue.

On the left is a descending percentage of revenue, by country. Color coding indicates total revenue versus revenue earned from the core industry.

Hover over a country to see the name. Click to see detailed revenue percentages.
