Commodity Futures Law Reporter

Provides a convenient, comprehensive way to keep abreast of legislative, regulatory, and case law developments affecting the commodity futures trading industry. Access to complete, accurate coverage of the commodity futures industry, including full text of bills, laws and regulations, legislative reports, and testimony; annotated court cases and Commodity Futures Trading Commission administrative decisions and reparations actions; and Commission no-action letters, testimony, speeches, advisories, and backgrounders. Includes an archive of administrative rulings, court opinions, legislation, CFTC releases, and staff letters from 1975 to the present.

Derivatives Law Watch

A monthly newsletter provides updates on the legislative, regulatory, and judicial developments affecting the derivatives marketplace. Delivers complete coverage of the following topics: SEC and CFTC issuances on derivatives: regulations, cases, no-action letters, advisories, guidance, testimony, speeches; federal legislation on derivatives; E.U. derivatives regulation; global derivatives regulators; accounting for derivatives standard setters and derivatives industry groups and associations. Includes the Legislative Tracker, a chart detailing derivatives legislation currently in Congress, including bill number, a short summary, and last congressional action taken.

Derivatives Regulation

Philip McBride, Thomas Lee Hazen and Susan Ervin

Provides comprehensive coverage of the full range of emerging regulatory, reporting, and legal issues surrounding derivatives and related instruments, including: developments with respect to security futures; the impact of the Dodd-Frank; applicability of the commodities laws to foreign exchange dealers; regulation of exchange traded funds and commodity pool operators (CPO); and hedge funds, including exclusions from the CTA and CPO provisions.

Hedge Funds and Private Equity: Regulation & Risk Management Update

This monthly newsletter reports on the latest regulatory and legislative developments affecting hedge funds and other private pools of capital. The newsletter keeps readers informed of breaking developments in the fast-changing and explosive world of hedge funds and other alternative investment vehicles.

Offerings of Asset-Backed Securities

John Arnholz and Edward E. Gainor

A practical, accessible, easy-to-use guide to the new SEC rules and the key issues associated with structuring and executing securitization transactions. It delivers a step-by-step approach to spotting issues and solving problems, provides practical, transaction oriented advice from the perspective of experienced practitioners, gives insights into specific issues that frequently arise in transactions, and outlines solutions to common problems. There are also several "issue-spotting" checklists and other formatting tools to ensure that this resource serves as a reliable, quick reference.

Securitization of Financial Assets

Jason H.P. Kravitt

Provides comprehensive coverage of all the key legal, accounting, rating agency, and related issues in securitized financing transactions, from bankruptcy, liquidity, and credit enhancement, and Uniform Commercial Code issues to rating agency methods, tax and accounting issues, investments, and real estate structures. There is practical guidance on how to structure REITS, REMICS, and other structures to securitize commercial and residential real estate loans; special purpose trusts; securitization agreements designed for multiple sales or reinvestment; bank-related securitizations or credit enhancement, and commercial paper vehicles that finance car leases.

U.S. Regulation of the International Securities and Derivatives Markets

Edward F. Greene, Alan L. Beller, Edward J. Rosen, Leslie N.

Silverman, Daniel A. Braverman, Sebastian R. Sperber and

Nicolas Grabar

Provides clear analysis of the legal framework for all types of securities and derivatives offerings by U.S. and non- U.S. issuers. It covers the rules and requirements behind different cross-border transactions, including private placements and Rule 144A, ADR programs, the U.S./ Canadian MJDS, European Union and other global offerings. The rules and regulations affecting each participant, including foreign banks, broker-dealers, investment companies and advisers, futures commission merchants, commodity pool operators and commodity trading advisors are also discussed and explained.
