# What does it really **cost you** to **get it wrong?**

**Maintain control over your bottom line in the face of regulatory change: ensure accurate, timely reimbursement through accurate and efficient coding**

**Coding Suite** provides advanced primary source content and expert tools — updated in real time — to ensure the integrity of your program, revenue, and audit documentation. The **Coding & Revenue Resource Center (CRRC)** level of the **Coding Suite** is a perfect fit for expert coders who need instant access to coding, revenue and payment tools, and key regulatory content — everything you need to understand the claims processing system.

**Knowing what you don't know is half the battle**

- Stay ahead of continuously changing codes and regulations by receiving exactly the information you need, precisely when and where you need it.

**Support comprehensive decision-making with complete knowledge**

- Avoid the inherent pitfalls of utilizing certain codes with our **Coding Guidance Library**, which integrates primary source material from CMS to ensure compliance with benefits, claim processing, coverage requirements, MUEs, NCCI edits, RAC issues, CERT reports, FAQs, PQRI coding, and more.
- Use the custom search engine to find the coding, payment, and coverage guidelines you need, facilitating easy coding research and assisting in compliance efforts.
- Online code search and book research in one location, for a complete, easy-to-use solution across your organization — without any specialized training.

**Make real-time decisions based on real-time information**

- Web-based, easy to implement, always on, and available on any device, to enable immediate education and instant reference.
- Electronic codebooks are updated well ahead of the typical paper publication ship date, integrate coding and payment information, and have the ability to bookmark items for fast access later.
- Stay current with automatic updates — email alerts that include local coverage determinations, state Medicaid and Medicare updates, and coding changes personalized for your location and preferences.

**Know. Right. Now.**

**Always on. Always current.
Your complete coding solution.**

**Coding & Revenue Resource Center**

**Our mid-level solution includes Medicare payment calculators, edit-checking tools, and more for claims processing.**

Wolters Kluwer

**Because a dynamic industry demands dynamic solutions**

With the ever-increasing pace of health care regulatory change that includes the ongoing adoption of ICD-10, it's harder than ever for coding and reimbursement professionals to ensure proper code assignment up front — minimizing claim denials and securing your bottom line.

The CRRC level of the Coding Suite goes beyond basic coding to include payment calculators, edit-checking tools, and everything you need to understand the claims processing system. With additional guidance on claims processing, this level is the ideal solution for expert coders, revenue cycle, reimbursement, and HIM/CDM professionals.

| | Coding and Revenue Resource Center (Mid-Level) |
|---|---|
| **Developed for** | Coding and billing specialists, certified coders, insurance specialists, HIM professionals, advanced HIM students, billing companies, and reimbursement analysts |
