resource for audit,
reimbursement,
compliance
and regulatory
research

MediRegs Master Suite

The **MediRegs Master Suite** provides advanced primary source content and expert tools — updated in real time — to ensure the integrity of your program, revenue, and audit documentation. The Master Suite is a perfect fit for health care professionals who require instant access to the most robust coding, revenue, and payment tools combined with unmatched depth and breadth of regulatory content — everything you need to ensure proper audit trail documentation.

NOW AVAILABLE ON THE COMPLETELY REDESIGNED MEDIREGS PLATFORM! Our most comprehensive coding, payment, compliance, and audit resource, the MediRegs Master Suite is designed for your most complex audit, denials management, and compliance research, with the content and tools necessary to ensure program and revenue integrity.

- Stay current with automatic updates and email alerts that include local coverage determinations, state Medicaid and Medicare updates, and coding changes personalized for your location and preferences.
- Proactively avoid coding pitfalls with our Coding and Payment Library, with integrated primary source material from CMS to ensure compliance with benefits, claim processing, coverage requirements, MUEs, NCCI edits, RAC issues, CERT reports, FAQs, PQRI coding, and more.
- Use the custom search engine to find the coding, payment, and coverage guidelines you need, facilitating easy coding research to support Medicare claims compliance.
- Dial back time with an extensive collection of historical manuals, codebooks, calculators, and local coverage determinations necessary for appeals and audit work in our unmatched regulatory archives.
- Web-based, quick to implement, always on, and available on any device for quick learning and instant reference.

With the ever-increasing pace of health care regulatory change, it's harder than ever for coding and reimbursement professionals to ensure proper code assignment up front — minimizing claim denials and maximizing efficiency. Use MediRegs Master Suite, our most comprehensive coding, payment, audit and compliance resource, to ensure your compliance program and revenue integrity.

MediRegs Master Suite is designed for chargemaster and revenue cycle specialists, fraud and denials management staff, audit specialists, compliance officers and analysts

About

The NCCI Code Pair Check Tool displays Procedure-to-Procedure (PTP) edits for a single code or a set of codes, as published for the applicable time period. The tool is relevant for Medicare physician/practitioner, Medicare Hospital, Medicaid physician/practitioner and Medicaid Hospital claims. For More Information:

- [NCCI Tool Video](#)
- [Printable Guide](#)

What's New

Latest CMS version available in the Tool:

- Medicare Version 23.1 published on 02/06/2017
- Medicaid Version 8.1 published on 03/15/2017

Tool Last Updated 04/01/2017

[NCCI Difference Report](#)

Our enhanced NCCI Code Pair Check gives you easy access to active and inactive edits in one easy-to-understand table. From one view, you can quickly determine whether the code pair edits and modifiers apply, as well as the maximum reasonable edits for a code.
