The Elder Law Answer Book

This title gathers the most current legal, regulatory, and practice guidelines from the core topics of elder law, long-term care, estate planning, retirement planning, healthcare decision making, and rights of the elderly -- and presents this information in an integrated, easy-access reference.

ElderLaw Forms Manual

This includes forms to help you organize a high-volume elder law practice, market your services to your clients, customize estate and Medicaid plans, provide the personalized service your clients deserve, and more. Each form is accompanied by practical, insightful commentary, telling you when and how each should be used.

The Elder Law Portfolio Series

Written by outstanding elder law experts, this unique publication is the first place to look for detailed answers to pressing questions concerning Medicaid, long-term care planning, healthcare issues, trusts, powers, guardianship, and more—covering many facets of today's elder law practice.

The ElderLaw Report: Including Special Needs Planning

The premier newsletter covering elder law issues. This monthly newsletter keeps legal professionals current with critical developments in elder law, and supplies real-world solutions to the unique legal problems facing senior clients.

Loring and Rounds: A Trustee's Handbook

Regarded not only as authoritative but also as the most convenient, reliable, and complete single-volume source for trust doctrine. Get in-depth up-to-date information and guidance on how to stay on top of the developments in this complex field of practice. The Handbook began in 1898 with the First Edition.

Medicare Handbook

This is the indispensable resource for clarifying Medicare's confusing rules and regulations. Prepared by a team of experts from the Center for Medicare Advocacy, Inc., it addresses issues you need to master to provide effective planning advice or advocacy services, including: Medicare eligibility rules and enrollment requirements; Medicare covered services, deductibles, and co-payments; coinsurance, premiums, penalties; coverage criteria for each of the programs; problem areas of concern for the advocate; grievance and appeals procedures.

Representing the Elderly Client: Law and Practice

In a systematic and practical fashion, the authors address each key practice issue and provide an overview of the basic rules and guiding statutes/regulations, in-depth analysis of elder law practice together with guiding case law, and step-by-step explanation of the advocacy process, revealing how law operates in the real world and where things can go wrong. Plus you'll get their practice-tested minisystem for effective advocacy.

The Right to Die, Third Edition

Analyzes the statutory and case law surrounding the profound issues of end-of-life choices. Whether the situation calls for long-term planning or quick, unexpected decision making, this cogent, one source treatise guides you through all the available channels for helping your clients reach resolution. This comprehensive edition guides general practitioners, elder law, health law, and health care professionals through complex issues pertaining to passive and active hastening the death and such subsequent statutes as The Oregon Death with Dignity Act.

Scott and Ascher on Trusts

Offers practical advice on the creation, administration, and termination of all kinds of trusts, as well as incisive analysis of the underlying principles of trust law, and more. The duties of trustees and the rights of beneficiaries, would-be beneficiaries, and third parties are constantly being changed and redefined.

Special Needs Trusts Handbook

This comprehensive resource that enables you to handle the complex requirements of drafting and administering trusts for clients who are mentally or physically disabled, or who wish to provide for others with disabilities. This guide explains how to draft each trust to cover specific issues, and how to administer each trust — making certain that your client maintains public benefits while still receiving funds from the trust.
