

How do you know when  
**disclosure** becomes  
**exposure?**

## Know what's right with RBsource

In the face of ever-changing securities regulations, you need fast, accurate answers to your organization's most pressing concerns. **RBsource** quickly gives you a complete picture of the current law whenever and wherever you need it.

### Authoritative Content

- The trusted content of *The Securities Act Handbook (Securities Red Book)* integrated with essential SEC guidance and interpretations.

### Intuitive and Intelligent Resource

- Search by citation or keyword, or browse statutes, rules, regulations, or topics.
- RBsource uniquely associates and exposes all related content – forms, statutes, regulations and related SEC guidance – to the document you are viewing, giving you unprecedented access to all relevant material.
- A variety of productivity tools are available including: personal notes and highlights, bookmarks, search history, and saved searches.

### Timely Access

- Updated daily and available anytime, anywhere, on any device.

RBsource is your single-source connection to the industry's most authoritative content, allowing you to quickly and accurately assess the legal landscape and cost-effectively manage your organization's resources.

**Know. Right. Now.**

"For its content, RBsource is the best product I've seen on the market. It's everything the Red Book was, in a more intuitive, accessible and more readily searchable format."

Simon M. Lorne  
Vice Chairman and  
Chief Legal Officer  
Millennium Management LLC

# Know what's right with RBsource

## Authoritative Content

- A single, comprehensive resource to support rule-checking, legal decision-making, and document drafting.
- Complete access to *The Securities Act Handbook* — the definitive securities law resource.

## Intuitive and Intelligent Resource

- Designed around the needs of Corporate Counsel, **RBsource** helps streamline your research and save you time.
- Search by keyword or browse and filter results by forms, statutes, content type, or topics created by Wolters Kluwer's expert securities law attorney-editors.
- Personalize your content with user notes and highlights, and create bookmarks for fast access to regularly referenced content.
- Save your search queries and track your search history to easily return to a prior search at any point with just one click.
- Quickly locate all related pieces of the regulatory puzzle, including SEC rule making releases, staff bulletins, and C&DI.
- View search results ranked by relevancy, plus additional related content.

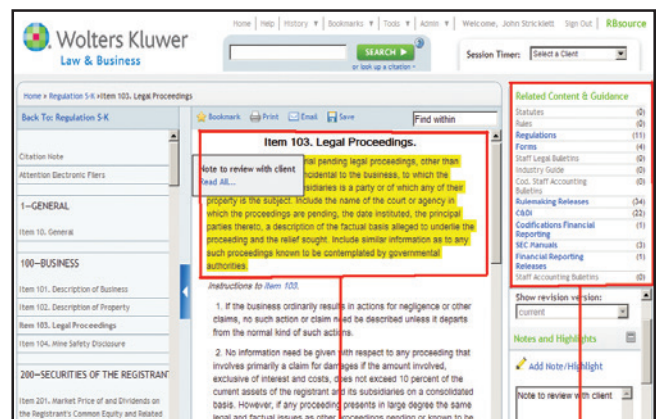

## Timely Access

- New and updated content is automatically displayed on the home page each time you log in, or view the full 60 day accounting, making it easy for you to stay up-to-date.
- See future effective and compliance language exposed in context, so you can be better prepared for upcoming changes and implementation deadlines.
- Get access to your content from any Internet-connected device – computer, tablet or smartphone – anywhere, anytime.

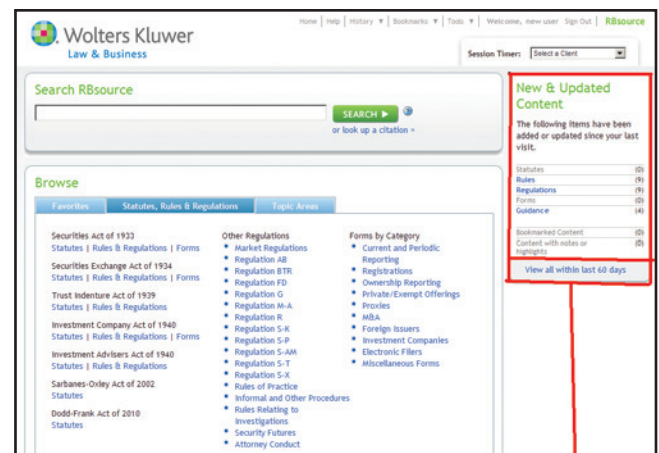

## Know. Right. Now.

Browse or filter searches by statutes, rules and regulations, or topics for fast access to critical content.
